**File Number: 100069**

**Re: Manufacturer: Watson McDaniel**  
**Item: 16" OD Tank**  
**Drawing Number: 2320400 Rev. X & 1562400 Rev. D**

TSASK Codes and Standards Compliance has registered the design listed above in accordance with The Boiler and Pressure Vessel Act and Regulations. The Canadian Registration Number (CRN) is:

**R9596.53**

This item was registered with the following design conditions:

<b>MAWP: 1724 kPa</b>	<b>Design Temperature: 343 °C</b>
<b>MDMT: -18 °C</b>	<b>Corrosion Allowance: 0.635 mm</b>

Please note that every piece of equipment must be constructed in strict accordance with the registered design.

In addition to stamping every unit with the CRN given, and as required in CSA B51, a Manufacturer's Data Report shall be forwarded to this office at the time the unit is shipped. The Manufacturer's Data Report form is available on the TSASK website at [www.tsask.ca](http://www.tsask.ca).

Should you require anything further, please do not hesitate to contact the Codes and Standards Compliance Office at your convenience.

Yours truly,

Athan Syrgiannis, P.Eng.

Codes and Standards Compliance

**Remarks:**

CRN issuance based upon registration by another province.
